

FORTHEM Alliance Student-Driven Projects Call

Explore, Collaborate, and Make a Difference!

The FORTHEM Alliance is excited to invite students from all partner universities to participate in our annual call for student-driven projects connected with the themes of FORTHEM Labs.

[Forthem | Call for Labs Student Projects \(forthem-alliance.eu\)](https://forthem-alliance.eu)

What We Offer:

- Funding of up to €5000 per project
- Collaborative opportunities with students from at least two FORTHEM partner universities and an external partner
- Duration ranging from 2 weeks to one semester
- Academic recognition through ECTS credits or a FORTHEM certificate

Project Possibilities:

Engage in activities addressing societal challenges through co-creation. Past projects include webinars, student-focused events, voluntary work, and mini-conferences. Collaborate with diverse teams across Europe and external stakeholders and create meaningful impacts.

Who Can Apply:

Students at all academic levels – Bachelor's, Master's, and PhD.

How to Apply:

Submit one application per project. Applications will be evaluated by a review board. Successful projects may receive additional funding in the next call.

Important Dates:

Application deadline depends on the respective labs (mid-February at the latest)

Project execution and reporting deadline: October 2024

Biannual renewal for continued project funding

Get Involved:

Apply now and be part of the FORTHEM Labs network!

Please apply via [Microsoft forms](#)

Further Information:

If you have thematic questions or if you are seeking additional partners, please reach out to us at info@forthem-alliance.eu

We look forward to connecting with you!

Let's shape the future together through collaboration, innovation, and student-driven projects!
